100 Women Who Care

Co-Founder Debbie Rathwell

Dear Mrs. Rathwell,

On behalf of the Breast Health Program in the Saint John area, I would like to express my deepest appreciation for the donation from your group in the amount of 25,000 dollars. The diagnosis of cancer is obviously a difficult period in one's life, having significant psychological, financial, social, and emotional implications. Your fund will help to alleviate many of those issues. We are appreciative of your consideration and ongoing support.

With kindest regards,

Margot Burnell, MD, FRCPC
